

Caseld: 202045039

Employer: Wide World Importers

Location: Kyoto

Event Date: 1/5/2015

Event: Caught in running equipment or machinery during maintenance, cleaning

Nature: amputations

Final Narrative	Hospitalized	Amputation	Part Of Body	Source
Employee was using her gloved hands to clean the glue-spreader machine while it was operational. The doctor rollers were not open, and the employee's glove got caught between the rollers, pulling her hand inside. Her right-hand ring and middle fingers were crushed.	1	1	fingernails	metal
