

Caseld: 202045072

Employer: Wide World Importers

Location: Miami

Event Date: 1/6/2015

Event: Struck against moving part of machinery or equipment

Nature: multiple injuries

Final Narrative	Hospitalized	Amputation	Part Of Body	Source
Employee was cutting a 10-foot length of 6-inch PVC pipe into 10-inch sections. He was using a chop saw that was on a pivot because the tool he had been using would not cut the pipe. The employee was using his hand to hold the pipe. His hand got pulled into the blade.	1	0	hand	sawing machinery
