

Caseld: 202045029

Employer: Wide World Importers

Location: San Diego

Event Date: 1/4/2015

Event: Sudden start or stop, nonroadway

Nature: traumatic injuries

Final Narrative	Hospitalized	Amputation	Part Of Body	Source
Employee was loading a trailer with a forklift when the left leg of the trailer collapsed, causing the trailer to tilt to the left. This caused the forklift and employee to slide to the left, striking the trailer wall and causing an acute spinal injury to the employee.	1	0	spine	truck
